A game that encourages light conservation and responsible consumption through a boy who tries to reduce the light consumption of a building in a pleasant and fun way.

Python, Pygame

CETIs 84 Credentials   **Noviembre 17, 2022 - Noviembre 29, 2022**
🔗 Credentials - GitHub

A web application for managing student credentials at CETIs 84.

HTML, JavaScript, JQuery, PHP, MySql

Certifications

Introduction to Web Development
Google
08/06/2022
🔗 Certificate

Volunteering

Technological University of Manzanillo (UTEM)   21/03/2023 - 21/06/2023
Salagua, 28869 Manzanillo, Col.
Internships
🔗 UTEM

During my internship at the Universidad Tecnológica de Manzanillo (UTEM), I was responsible for various tasks, including inventory management and technical support to the university. One of my key contributions was the development of a web-based CRUD application to streamline university project management, showcasing my skills in web development and troubleshooting.
